Re: **Short-Term** Confidentiality Request for FCC ID: VWT115

To Whom It May Concern:

Pursuant to sections 0.457 and 0.459 of CFR 47, and to avoid premature release of sensitive information prior to marketing or release of the product to the public, Animas Corporation requests that the following materials contained in this certification application be **temporarily** withheld from public disclosure for an initial period of 90 days:

External Photos
Internal Photos
Test Setup Photos
Owner's Booklet (User's Manual)

Animas also acknowledges that it will provide appropriate notice to American Telecommunications Certification Board, Inc. ("ATCB") should either of the following occur:

- (a) If Animas requires an additional 45-day extension period, it will notify ATCB with a new request letter at least seven days prior to the short-term confidentiality expiration date; or
- (b) immediately notify ATCB in the event the information regarding the product or the product itself is made available to the public. ATCB will then release the materials listed above for public disclosure pursuant to FCC Public Notice DA 04-1705.
