

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and
Board View 1****EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a small electronic component, likely a battery or sensor module, placed on a blue textured surface. The component is white with various electronic components and a blue battery. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The component is oriented vertically, and the ruler is placed horizontally next to it for scale.
Solder Board-Component View 2	 A photograph of the same electronic component as in View 1, placed on a blue textured surface. The component is white with various electronic components and a blue battery. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The component is oriented vertically, and the ruler is placed horizontally next to it for scale.

Solder Board-Component View 3	 A photograph of a small, white, rectangular electronic component with a black display screen and various electronic components. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10).
Solder Board-Component View 4	 A photograph of the same electronic component from a different angle, showing the bottom side. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10).

Solder Board-Component View 5	 A photograph showing a small, rectangular white component with two gold-colored solder pads on its top surface. The component is placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in millimeters, with the horizontal scale ranging from 0 to 100 mm and the vertical scale ranging from 0 to 100 mm.
Antenna View	433 Antenna  A photograph of a white printed circuit board (PCB) with various electronic components, including a small LCD screen, buttons, and a microcontroller. A red rectangular box highlights a specific component on the board, which is identified by a red arrow pointing to the text "433 Antenna" in a red-bordered box. The PCB is placed on a blue textured surface next to a black L-shaped ruler with white millimeter markings, similar to the one in the first image.
