

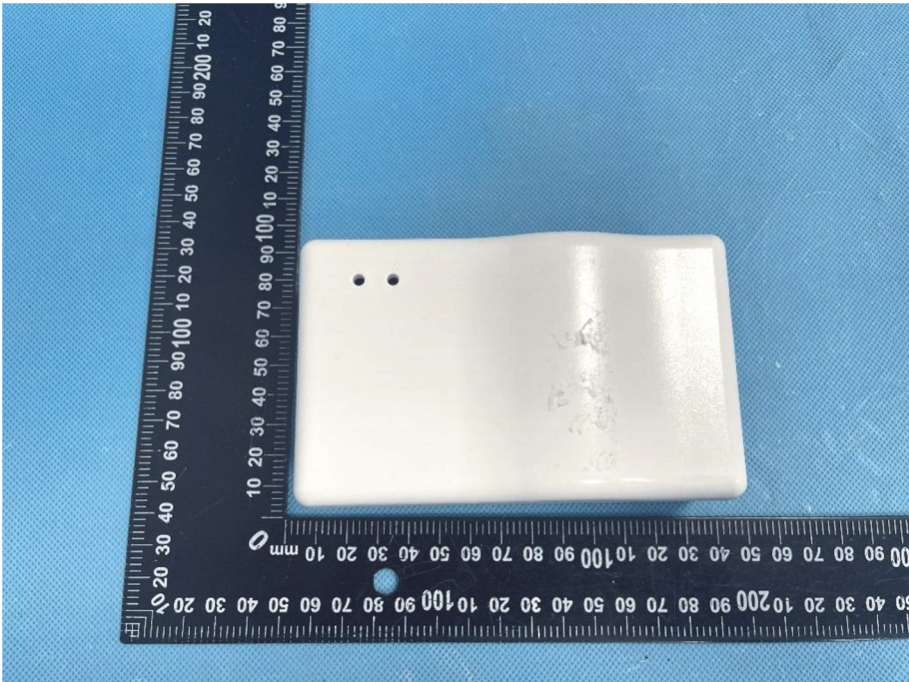

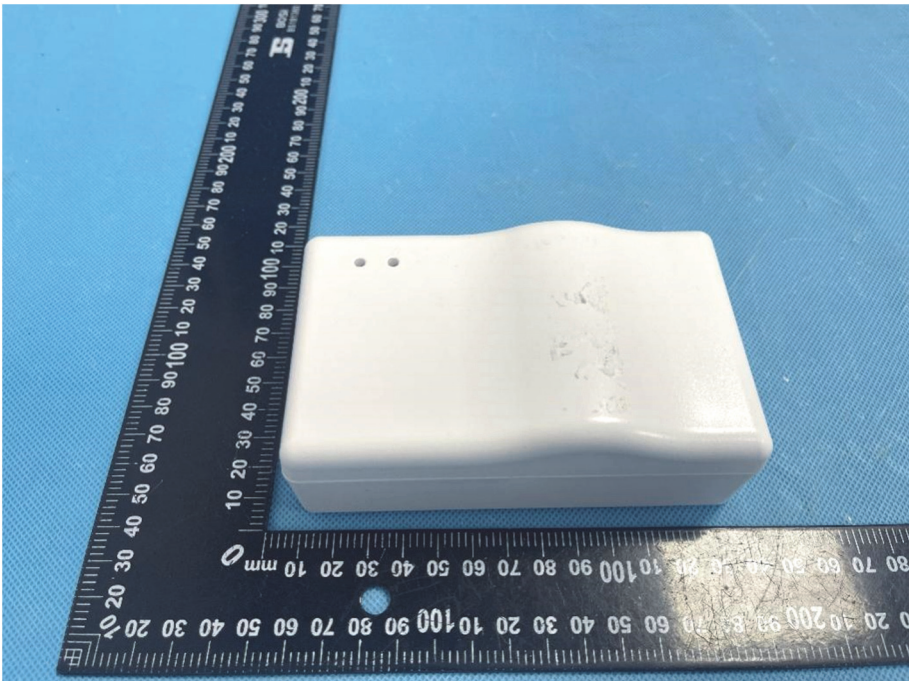

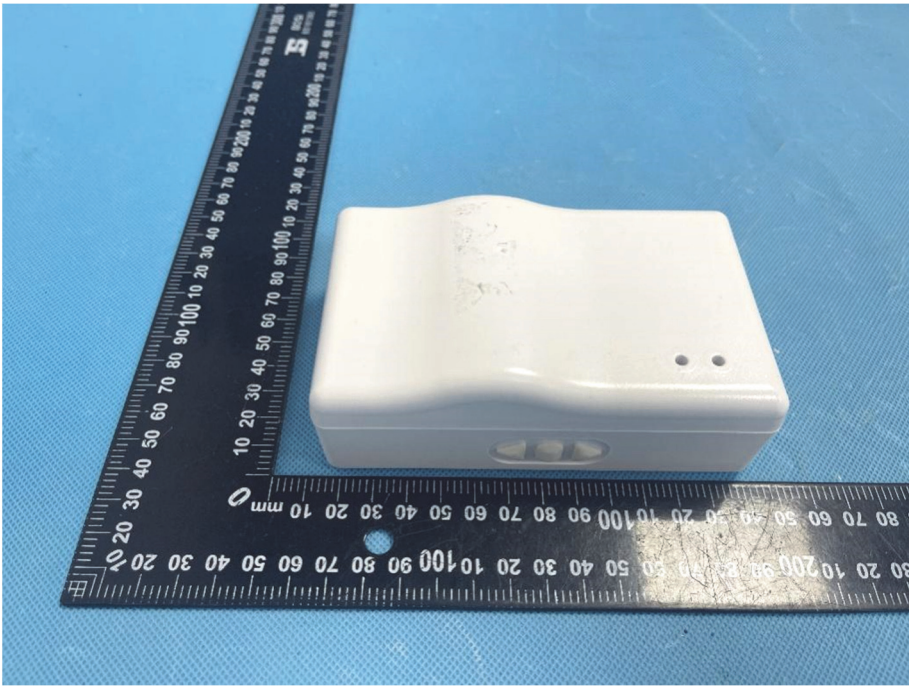

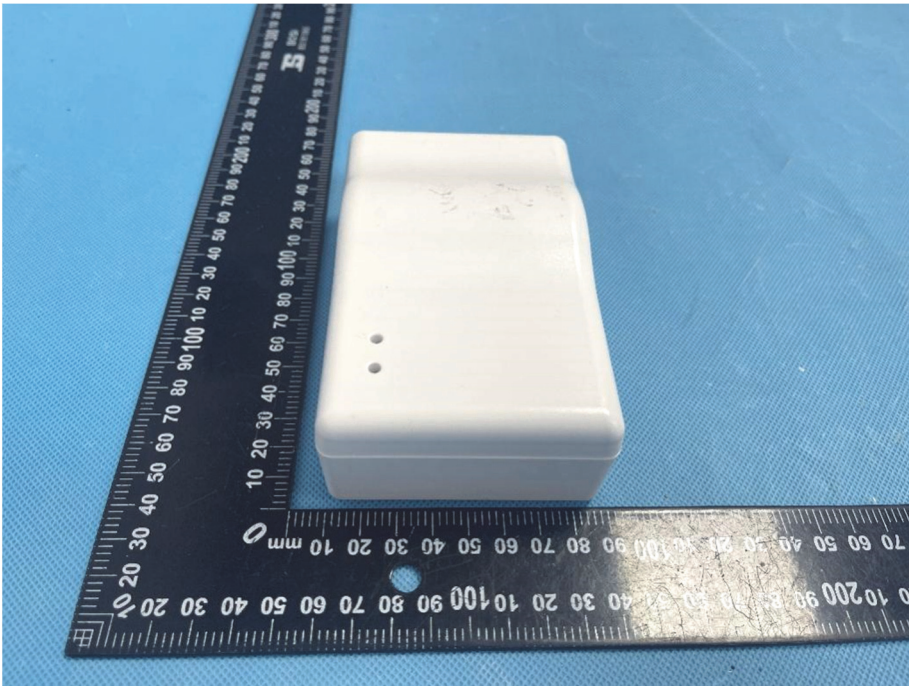

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph of a white, rectangular electronic unit (EUT) with two small circular holes on the top left. The unit is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters. The unit is approximately 100mm wide and 50mm high.
EUT View 2	 A photograph of the same white, rectangular electronic unit (EUT) from a different angle, showing the top and right side. The unit is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters. The unit is approximately 100mm wide and 50mm high.

EUT View 3	 A photograph of a white, rectangular electronic unit (EUT) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the unit. The unit has a slightly curved top edge and two small circular holes on its right side. The ruler shows measurements in millimeters and centimeters.
EUT View 4	 A photograph of the same white, rectangular electronic unit from a different angle. The unit is positioned vertically, and the ruler is placed horizontally below it. The unit has three circular holes on its bottom edge. The ruler shows measurements in millimeters and centimeters.

EUT View 5	 A photograph of a white, rectangular electronic unit (EUT) from a top-down perspective. The unit has a circular logo in the center and a small rectangular slot near the bottom. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters and centimeters.
EUT View 6	 A photograph of the same white, rectangular electronic unit from a side perspective. Two small circular holes are visible on the side. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters and centimeters.
