

Declaration of Conformity

Issued: 15th April 2009

Pursuant to Title 47 CFR, paragraphs 2.906, 2.909 and 2.1076, i-mate Development Inc. hereby declares that the device known as:

810-F,

which has a mode of operation in which it can be attached by means of a USB port to a personal computer for data transfer and while so attached acts as a **Class 2 Computer Peripheral,**

complies with the requirements for a Class B digital device of 47 CFR, Part 15, Subpart B, and all applicable rules.

The equipment is to be operated under 47CFR 2.1077, 2.1071-2.1073 and 15.19(b).

Each unit of equipment reflects the performance of the originally tested item within normal mass production variations. The product is manufactured in accordance with a quality management system to ensure that each unit is produced consistently and is identical within the meaning of 47 CFR, paragraph 2.908. Procedures used to achieve consistency in production include a quality plan, design change control, inspections and production line testing.

The device has additional modes of operation in which it acts as an intentional radiator and it is subject to the equipment authorization procedure in respect of those modes. We are applying the declaration of conformity procedure for the Class B Computer peripheral portion of a composite filing; the FCC ID for the equipment authorization portion is **W4R001**.
