

USB 4PORT Hub User Manual

Features

- 4USB port A type up to 400mA and auto matic current Sharing by devices request
- 1 USB B Female Connector
- Over current protection
- Support hi-speed 480Mbps, full-speed 12Mbps and low speed 1.5Mbps operation
 - Chains up to 127 USB devices
- Truly Plug & play automatic System configuration
- windows 98, 2000 device Drivers automatic installation.
- USB and ACPL compliant

Packaging

- 4-Port USB Mini-Hub
- High performance IDC type USB

Requirements

- IBM Compatible PC or i-Mac PC (OS8.6)
- i-Mac, I-Book, G3, G4..... IBM. MAC
- USB Host card or USB HUB device
- OS: Win95 ORS2.0, Win98/SE, Win2000, WinME, WinXP, VISTA

FCC Caution:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment

FCC Notes:

The manufacturer is not responsible for and radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
