RE: Limited Modular Request Attestation

FCC ID: W7BKEE58701

Dear Application Examiner,

Kee Action Sports FCC ID: W7BKEE58701, Hater Upgrade Board would like to have your authorization as a limited modular approval. The requirements of FCC part 15.212 have been met and shown on the following statements.

1. "The modular transmitter must have its own RF shielding." The radio portion of the Marq Protégé Board has been not been shielded, the testing demonstrates shielding in the controlled configurations is not required.
2. "The modular transmitter must have buffered modulation/data inputs." The Marq Protégé Board contains buffered data inputs; it is integrated in NRF24L01 which is U4 on the board.
3. "The modular transmitter must have its own power supply regulation." The Marq Protégé Board contains a regulator in the DC input port of the NRF24L01 which is U4 on the board.
4. "The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(C)." The Marq Protégé Board meets the FCC antenna requirements. The spurious emission, unique antenna connector and photo of antennas are shown in the application exhibits.
5. "The modular transmitter must be tested in a stand-alone configuration" The Marq Protégé Board was tested exposed with the paintball marker with the cables from the installation kit. Please see exhibit "Test Setup Photos".
6. "The modular transmitter must be labeled with its own FCC ID number." Please see exhibit "FCC Label" for the FCC ID of this module.
7. "The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements." The Marq Protégé Board is compliant with all

applicable FCC rules. Detail instructions for maintaining compliance are given in the Users Manual.

8. RF Exposure requirements are not applicable to the EUT.

Thank you for your attention.

Sincerely,

Louie Spicer  
Chief Technology Officer
