To Whom It May Concern:

This letter is confirmation that FRC Internet Products, LLC is applying for a FCC Class 2 permissive change for our device FCC ID W93-ABCAU500AAA to allow collocation of up to four of these modules in a single host device. RF exposure calculations and an operational description are being uploaded to explain how the use of four co-located modules continues to comply with the FCC rules.

Sincerely,

A handwritten signature in dark ink, appearing to read "Susan Raji". The signature is fluid and cursive, with a large, stylized "S" at the beginning and a trailing flourish at the end.
