United Kingdom

**Navento ® Technologies SL** declares that the text below will be included in the final version of the User Manual supplied with the NCard device:

*This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.*

*NCARD has been certified to comply with the Part 22 and Part 24 of the FCC rules.*

*Changes or modifications not approved by the responsible party could void the user's authority to operate the equipment.*

Statement of compliance with FCC RF exposure

*NAVENTO certifies that NCARD complies with the FCC-adopted limits for RF exposure of portable devices with the radiating structure(s) within 20 centimeters of the body of the user. These requirements set a SAR limit of 1.60 W/kg averaged over 1 gram of tissue. The highest SAR value reported under this standard, during product certification, at a separation distance of 0mm is 0.12 W/kg.*

Yours sincerely,

Alejandra Diaz Diaz
