## Basic Operations

! CAUTION: Be sure to use your wrist strap!
Movements:

Swinging

Swing the STIX™ Controller back and forth from side to side.

Pushing or Pulling
Move the STIX™ Controller forward and backward.

Turning

Move the STIX™ Controller in a turning motion by rotating your arm.

Additional Controls:
Holding the STIX™ Horizontally

15

You will need to make sure your STIX™ Controller communicates with the STIX™ Base.

1. Make sure the STIX™ Base is connected to your PC.

2. Turn the STIX™ Controller ON.

   The STIX™ Controller will automatically sync with the STIX™ Base. Synchronization is complete when the LED lights stop blinking.

   Note: For additional STIX™ Controllers, the STIX™ Base detects up to two (2) Controllers in the area and assigns each Controller Player 1 or Player 2 (as indicated by the LED lights).

LED Lights

If the STIX™ does not sync with the STIX™ Base, turn off the STIX™ by holding down the power button, wait a few minutes, then repeat Step 2.

Safety

! CAUTION: Always use the wrist strap to help prevent injury to other people or damage to surrounding objects in the event you inadvertently let go of the STIX™ during game play.
WEAR THE WRIST STRAP WHEN USING THE STIX™ CONTROLLER

• Make sure all players use the wrist strap and that the strap lock is correctly tightened.

  - The strap lock should be placed so it is tight enough to prevent the wrist strap from slipping off.

• When sharing the STIX™ between multiple players, make sure each person uses the wrist strap properly.

• Wearing the wrist strap will prevent you from accidentally dropping or throwing the STIX™ during game play, which could damage the STIX™ or surrounding objects, or cause injury to other people.

• Please refer to the diagram on how to wear the wrist strap properly.

ENSURING AN OPTIMAL GAME PLAY EXPERIENCE

3 - 15 Feet

Base

STIX™

Computer

• If your hands become moist, stop and dry your hands.

• When playing a new game on GoLive2.com, read all game control instructions for correct use of the GoLive2™ STIX™.

• Hold the GoLive2™ STIX™ securely and avoid excessive motion, as it may cause you to let go of the GoLive2™ STIX™ and may break the wrist strap.

• As you may move around during game play, make sure objects and other people are out of your range of movement or arm motion to prevent damage or injury.

DO NOT LET GO OF THE STIX™ DURING GAME PLAY.

For best use of the STIX™, follow these guidelines:
• Avoid blocking the signal between the STIX™ Controller and the STIX™ Base.
• Stay within 3 to 15 feet of the STIX™ Base.
• Avoid highly reflective surfaces near the STIX™.

If the STIX™ seems to operate erratically, replace batteries. For instructions on how to replace batteries, refer to the installing batteries section on page 8.

6-MONTH LIMITED WARRANTY

(This product warranty is valid in the United States and Canada only.)

Playhut, Inc. warrants this product for a period of 6 months from the original purchase date under normal use against defective workmanship and materials (batteries excluded). This warranty does not cover damage resulting from accident, unreasonable use, negligence, improper service or other causes not arising out of defects in material or workmanship. Playhut, Inc. will not be liable for any costs incurred due to loss of use of this product or other incidental or consequential costs, expenses or damages incurred by the purchaser. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you. This warranty gives you specific legal rights and you may also have other legal rights, which vary from state to state.

In the event of a defect covered under this warranty, first call the toll-free number listed below. Many problems can be solved in this manner.

TOLL-FREE NUMBER: 1-888-PLAYHUT (752-9488) during standard business hours (8:00 a.m. – 5:00 p.m. PT USA).

The following can cause temporary or permanent damage to your GoLive2™ STIX™, and cause it to malfunction:

• Using any solvents or abrasives to clean the STIX™.

• Leaving the STIX™ Controller in direct sunlight for extended periods of time.

• Placing the STIX™ in direct heat.

• Dropping the STIX™.

• Attempting to open, take apart, or repair any portion of the STIX™. This will void the warranty.

• Placing the STIX™ into water or any liquid.

To Clean:

Use a slightly damp cloth to clean the outside of your STIX™.

FCC and Industry Canada Information.

In order to comply with FCC radio-frequency radiation exposure guidelines for an uncontrolled exposure, this device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This device complies with Part 15 of the FCC Rules and RSS-210 of Industry Canada. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this device.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for assistance.
