CONFIDENTIALITY REQUEST

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Gentlemen:

Performance Meter, Inc respectfully request confidentiality of certain materials provided with the submission of the ETRX under FCC ID: WC6-ETRX in accordance with FCC Regulations 0.459. The confidentiality request applies to the exhibits contained in this filing and included in the following files.

08-0221 – Schematics.pdf
08-0221 – System Block Diagram.pdf
08-0221 – Theory of Operation.pdf
08-0221 – Parts List.pdf
08-0221 – Internal Photos.pdf
08-0221 – Installation Guide.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or designated technicians. The Manual is technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the Manual is also requested.

The ETRX has been developed at a considerable effort and expense by Performance Meter, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. J. Gallon', is written over a horizontal line. The signature is enclosed in a thin red rectangular box.

Ronnell J. Gallon
Director of Meter Reading Technologies
