NO.: AN08T8062, Notice#1

Dear Iris,

Please address following issues.

Q#1: Please provide RF functional block diagram.

Q#2: Page 46 of output test plot shall be higher channel but not middle channel. Please correct.

Q#3: The second exhibit of antenna specification doesn't relate to the filing, please confirm if it can be waived.

Q#4: Two models are listed in the test report. Please advise the difference of them.

Q#5: Since this device is a mobile device that 20cm safe distance from EUT antenna to user shall be maintained. Please provide an updated user manual to include similar warning. Besides, please provide MPE calculation to demonstrate RF exposure requirement are met.

Best Regards,

Lucy Tsai  
CCS

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
