

July 18, 2008

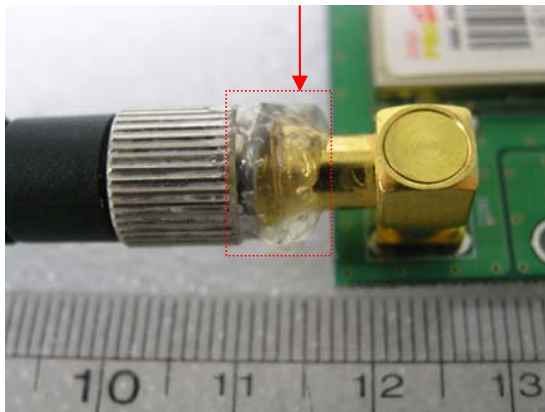

PRODUCT : FSK MODEM
MODEL/TYPE NO : TS-FSK001
FCC ID : WGQ-TS-FSK001
APPLICANT : TECHNOSQUARE Co., Ltd

The antenna is connecting with SMA type RF connector. then locked with hot-melt(glue stick).

We use the "3M Polygun AE2" with hot-melt to harden the connection between antenna and SMA type RF connector

So the antenna form is unique type.

Also it will apply in production like this picture
it will execute.

Sincerely,

David Lee
