Please keep this packaging since it contains important information.

CAUTION: Changes or modification not expressly approved by the party
responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a
Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are
designed to provide reasonable protection against harmful interference in a
residential installation. This equipment generates, uses and can radiate radio
frequency energy and, if not installed and used in accordance with the instructions,
may cause harmful interference to radio communications. However, there is no
guarantee that interference will not occur in a particular installation. If this
equipment does cause harmful interference to radio or television reception, which
can be determined by turning the equipment off and on, the user is encouraged to
try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the
receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the
following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that
may cause undesired operation.

Each walkie talkie requires 4 x 'AAA' batteries (not included).
To replace batteries, unscrew cover using a Phillips
screwdriver. Note polarity of batteries, remove and
replace with new batteries. Do not dispose of
batteries in fire, batteries may explode or leak.

- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from
the toy before being charged.
- Rechargeable batteries are only to be charged under
adult supervision.
- Different types of batteries or new and used batteries
are not to be mixed.
- Batteries are to be inserted with correct polarity.
- Exhausted batteries are to be removed from the toy.
- The supply terminals are not to be short-circuited.

BATTERY REPLACEMENT
REPLACEMENT OF BATTERIES MUST BE DONE BY ADULT.
