<p>WPM-500 Wireless Monitor Headphones</p> <p>■ Preface</p> <p>Dear Customer,</p> <p>Thank you for purchasing Takstar WPM-500 Wireless Monitor Headphones. In order to better understand and use the product, please read this manual carefully.</p> <p>If you have any questions or suggestions, please contact our local dealer.</p> <p>■ Features</p> <ul style="list-style-type: none">Wireless neckband headphones tailor-made for monitoring live stream, recording and the like.2.4GHz wireless transmission, stable and works up to 10m.Easily pair multiple headphones in one system for parallel group monitoring.Studio monitoring level, synchronized A/V at low latency for smoother streaming and interaction.Quick pairing, auto reconnecting without tedious steps.HD stereo audio at 48kHz sample rate, with rich and dynamic music performance.Designed with wires that loop around your ears for better security during movement.Transmitter adopts Φ3.5mm audio interface for easy connection with audio device like sound card or mixer.Built-in lithium-ion battery, 6-8 hour battery life with 2 hour charging.	<p>WPM-500 Wireless Monitor Headphones</p> <p>■ Package Contents</p> <p>WPM-500 Wireless Headphones.....1 PCS WPM-500 Transmitter.....1 PCS USB Charging Cable.....1 PCS Audio Extension Cable.....1 PCS Adapter Plug.....1 PCS Silicone Tips.....3 PCS User Manual.....1 PCS</p> <p>■ Applications</p> <p>• Live e-commerce, monitor live stream and recording</p> <p>■ Specifications</p> <p>Transmitter Specifications</p> <ul style="list-style-type: none">Battery Capacity: Li-Po, 3.7V/450mAhCharging Time: about 2.5 hoursCharging Voltage/Current: DC 5V/200mABattery Life: about 6 hours (when fully charged)Frequency Range: 20Hz-20KHzTransmission Frequency: 2.4GHzWeight: 22g <p>System Specifications</p> <ul style="list-style-type: none">Low Latency Distance: ≤10 metersAudio Delay: ≤20msFrequency Response: 20Hz-20KHz (@1KHz, -3dB)Signal-to-Noise Ratio: ≥80dB(A)System Noise Floor: ≤90dB(A) <p>Note: The above data are measured by Takstar laboratory.</p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>■ Function Descriptions</p> <p>Transmitter</p> <ul style="list-style-type: none">① Power button: press and hold for 2s to turn on/off the transmitter. With device powered on, LED② glows blue; once powered off, LED② goes off.② LED indicator: turns solid red while charging; stops glowing red when fully charged; flashes red if low battery; flashes blue rapidly while pairing and resumes solid blue when paired.③ Pair key: with device powered on, press and hold for 2s to start pairing. <p></p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>■ Function Descriptions</p> <p>Transmitter</p> <ul style="list-style-type: none">① Power button: press and hold for 2s to turn on/off the headphones.② LED indicator: once powered on, flashes blue slowly while trying to auto reconnect recently paired transmitter, and turns solid blue when reconnected successfully;③ Pair key: with device powered on, press and hold for 2s to start pairing.④ Volume control: press [+] to gradually increase headphone volume, press and hold to increase rapidly;⑤ Volume control: press [-] to gradually decrease headphone volume, press and hold to decrease rapidly. There are 10 volume levels in total. <p></p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>Wireless Headphones</p> <ul style="list-style-type: none">① Power button: press and hold for 2s to turn on/off the headphones.② LED indicator: once powered on, flashes blue slowly while trying to auto reconnect recently paired transmitter, and turns solid blue when reconnected successfully;③ Pair key: with device powered on, press and hold for 2s to start pairing.④ Volume control: press [+] to gradually increase headphone volume, press and hold to increase rapidly;⑤ Volume control: press [-] to gradually decrease headphone volume, press and hold to decrease rapidly. There are 10 volume levels in total. <p></p>												
<p>WPM-500 Wireless Monitor Headphones</p> <p>Pairing Transmitter & Headphones:</p> <p>The transmitter and the headphones are already paired before shipping out, factory and will auto connect to each other once powered on. However, if any one of them is replaced, follow below steps for pairing:</p> <ol style="list-style-type: none">1. Turn on both the headphones and the transmitter.2. Press and hold the pair keys on both the headphones and the transmitter for 2s until their LEDs flash rapid blue as they start pairing. Once paired successfully, their LEDs will resume solid blue.Note: In case of pairing malfunction, try system reset by pressing and holding both the power button and pairing button while connecting the headphones to a Type-C charging cable.<p></p><p>Press and hold either key for 2s. Both LEDs glow blue when paired successfully.</p><p>Monitoring Live Stream:</p><p>1. Once the transmitter and headphones are paired successfully, insert the supplied 3.5mm-to-6.3mm adapter plug into the headphone output of your audio interface.</p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>2. Insert the transmitter into the adapter plug to start monitoring your live stream. (The adapter plug is not necessary if the audio interface has a Φ3.5mm headphone output.)</p> <p></p> <p>* Illustrated model is Takstar MX1 Pro Mixer Headphone Interface 5.5mm to 6.3mm Cable</p> <p>Note: In order to avoid signal interference, when your audio interface is connected to smartphone via Bluetooth, you need to add a 3.5mm extension cable in between the transmitter and the audio interface.</p> <p>Safety Instructions</p> <p>To avoid electric shock, overheating, fire, radiation, explosion, mechanical risk and injury or property loss due to improper use, please read and observe the following items before use:</p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>1. Please check if the power of the connected equipment matches with that of this product before operation. Adjust the volume to proper level during operation. Do not operate at over-power or high-volume level for extended time to avoid product malfunction or hearing impairment.</p> <p>2. If there is any abnormality during use (e.g., smoke, strange odor), please kill the power switch and unplug from power source, then send the product to the local dealer for repair.</p> <p>3. Keep this product and its accessories in a dry and ventilated area. Do not store in a humid or dusty area for extended time. Keep away from fire, rain, liquid intrusion, bumping, throwing, vibrating, or from blocking any ventilation openings, to prevent malfunction.</p> <p>4. Please abide by safety rules during operation. Do not use the product in places prohibited by laws or regulations to avoid accident.</p> <p>5. Do not disassemble or repair the product by yourself to avoid injury. If you have any questions or require any services, please contact our local dealer.</p> <p>Label Meanings</p> <p>CE This device is compliant with the limits of the European Council Directive on the approximation of the laws of the member states relating to electromagnetic compatibility according to RL2004/108/EG and European Low Voltage Directive RL2006/95/EG.</p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>FCC Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none">- Reorient or relocate the receiving antenna.- Increase the separation between the equipment and receiver.- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.- Consult the dealer or an experienced radio/TV technician for help. <p>Changes or modifications not expressly approved by the party responsible for the equipment may cause the user to lose permission to operate the device.</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:</p> <ol style="list-style-type: none">1) This device may not cause harmful interference, and2) This device must accept any interference received, including interference that may cause undesired operation. <p>FCC ID:WRAWPM-500T</p>	<p>WPM-500 Wireless Monitor Headphones</p> <p>■ About This Manual</p> <p>This manual contains up-to-date technical specifications as of printing. However, specifications contained herein may not conform to your particular product since Takstar is constantly improving its products. Also, specifications, devices or accessories available may vary from region to region. If you have any questions, please contact our local dealer. For the latest version/more information, please visit our website: https://www.takstar.com</p> <p>WPM-500 Wireless Monitor Headphones</p> <p>WEEE This symbol indicates that this product should not be disposed of with your household waste, according to the WEEE directive (2021/9/EU) and your national law. This product should be handed over to an authorized collection site for recycling waste electrical and electronic equipment (WEEE). Improper handling of this type of waste could have a possible negative impact on the environment and human health due to potentially hazardous substances that are generally associated with WEEE. At the same time, your cooperation in the correct disposal of this product will contribute to the effective usage of natural resources. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, waste authority, or your household waste disposal service.</p>
