RE: CONFIDENTIALITY REQUEST FOR FCC ID: **WUW-SXPCEAC2**

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. Viavi Solutions Inc. requests short-term Confidentiality for the following items, which are required to be submitted with this application, and that these be withheld from public review for a period of 180 days.

- Test Setup Photos
- External Photos
- Internal Photos
- User Manual

These documents contain detailed system and equipment descriptions and related information about the product, which Viavi Solutions Inc. considers to be proprietary, confidential, and a custom design which otherwise, would not be released to the general public.

Furthermore, Viavi Solutions Inc. has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage we have achieved by developing this product. Since this design is a basis from which future technological products will evolve, Viavi Solutions Inc. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market and would result in financial hardship.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in blue ink that reads "B Brooks". The signature is fluid and cursive, with the first letter of the last name being a large, stylized 'B'.
