

## USEER GUIDE

E3-AK remote controller shall match E3-AK receiver.

### Function instruction of E3-AK remote controller

To control the receiver installed at Power Grader series 。 The controller sends out action instructions via E3-AK receiver, to order the electric handspike moving forward or backward, in turn, to make the harrow ascend or descend via relative organ, to meet the requirements of furrowing depth.

### Manipulation:

1. In the remote controller's 3-meter working range, Press (but do not release) the UP or Down bottom, to check the action of the harrow. Release the bottom while its position meets your grading requirement.
2. Bottom Up is for lifting the harrow

While the Bottom Down is for lowering

### NOTE

- 1 Please change the battery in time
- 2 Using in rain is prohibited
- 3 Keep off from fire and water
