Re: Request for confidentiality

Applicant: Fabricantes de Bás culas Torrey, S.A. de C.V.

FCC ID: X4H792054

To whom in my concern,

Request is hereby submitted by Fabricantes de Bás culas Torrey, S.A. de C.V. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) of the FCC rules. In particular, the following sections of the application are to be kept permanently confidential:

- * Schematics
- * Detailed Block diagrams
- * Detailed Operational / Functional Description
- * Part list

Short term confidentiality:

- * Internal Photos
- * User manual

Fabricantes de Bás culas Torrey, S.A. de C.V. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Disclosure of the short-term confidential portion of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Aarón Hernandez
Engineering Chief.
