Operation Description/Theory of Operation
Parts List & Placement/BOM
Tune-Up Procedure
Schematics
Test Setup Photos
User's Manual

Xtreme Power Systems, LLC. has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential and be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Short-Term Confidentiality:

No short-term confidentiality is required.

Sincerely,

Jim Drew, CEO/President
