Application for Certification of Transmitter with FCC ID: X5YF567DHDE-H

The subject equipment is designed for operation in the 136 – 174 MHz frequency band and complies with CFR Title 47, Section 90.203. The operator can't directly program and transmit on frequencies, other than those programmed by the manufacturer, service or maintenance personnel, using only the normally accessible external controls of the unit. It is a violation of FCC rules if the device operates on unauthorized frequencies.
