Re: FCC ID: X6P-EX11059

To Whom It May Concern:

The following application is submitted on behalf of our client, HomeRun Holdings, for evaluation of their model Q0244 for certification under FCC Part 15.231.

The Q0244 is a multifunctional device acting as a shade controller in an installation. The Q0244 is ideal for any residential or commercial setting where a serial interface or dry contact interface is required to integrate with a third party automation system.

The Q0244 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, reading 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
