**Re: FCC ID No. X8E-1459
Short-Term Confidentiality Request**

Ladies and Gentlemen:

This is to request short-term confidentiality in connection with the above-referenced application for equipment authorization. The information for which short-term confidentiality is requested is contained in the following documents submitted as exhibits with the application:

Users Manual;
Internal Photos;
External Photos;
RF Test Setup Photographs; and
EMI Test Setup Photographs.

Short-term confidentiality is requested for a total period of one hundred and eighty (180) days from the grant of the application per the Commission's Public Notice of June 15, 2004 (DA 04-1705).

This request is made in order to comply with the marketing regulations in 47 CFR § 2.803 and the importation rules in 47 CFR § 2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. The information contained in the exhibits described above would be of great value to the competitors of Gradys LLC and its affiliates if discovered prior to public disclosure of the equipment covered by the application. As such, premature disclosure could cause financial harm to us by allowing others to alter their own product plans and announcements to the detriment of Gradys LLC and its affiliates.

Respectfully,

Brian T. Harrison
President, Gradys LLC
