Subject: Modular Approval for FCC ID.: X93WC1000

Dear TEI,

We would like to answer for Single Modular Approval in accordance with the requirement of Rule Part 15.212 as described below;

Item	Requirements	Answer
1	The modular transmitter must have its own RF shielding	The EUT is not a RF transmitter. Therefore, It's not applicable.
2	The modular transmitter have buffered modulation/data inputs (if such inputs are provided)	The EUT is not a RF transmitter. Therefore, It's not applicable.
3	The modular transmitter must have it own power supply regulation	The EUT is not a RF transmitter. Therefore, It's not applicable. The EUT has own power supply regulation.
4	The modular transmitter must comply with the antenna requirements of section 15.203 and 150204(c)	The EUT is not a RF transmitter. Therefore, It's not applicable.
5	The modular transmitter must be tested in a stand-alone configuration. i.e., the antenna, AC or DC power and data input/output lines must be connected to the module but, the module must not be inside another case during testing	The EUT is not a RF transmitter. Therefore, It's not applicable. The EUT was tested as JBP and tested with computer via USB connector.
6	The modular transmitter must be labeled with its own FCC number, and if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module	The EUT has own FCC ID, and If it is installed inside of another device, the FCC ID label must be displayed at the outside of another device like as "Contains FCC ID: X93WC1000"
7	The modular transmitter is manufactured so that the user cannot influence the operation of the transmitter that will operate outside of the scope of the regulations	The EUT is not a RF transmitter. Therefore, It's not applicable.
8	The modular transmitter must comply with any applicable RF exposure requirements	The EUT is not a RF transmitter. Therefore, It's not applicable.

Sincerely,

Tae-En Kwon / R&D Manager
