Subject:

FCC ID: X9L-S850 Justification Letter for Expanded Frequency Range 400-470 MHz

Gentlemen;

You have asked **Quanzhou Fengze Lianfa Electronic Factory** for justification to have the frequency range **400-470 MHz** appears on the face of the FCC Grant of Certification for a Part 90 Certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

- (1) **Quanzhou Fengze Lianfa Electronic Factory's** Marketing Department plans to ensure that USA users; other than those specifically identified in this letter, not operate within bands **400-406.1 MHz and 430-450**, as controlled by the users' FCC station license.
- (2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various department & military, for operation in **400-406.1 MHz and 430-450** frequency range.

Sincerely,

Quanzhou Fengze Lianfa Electronic Factory
