Dear CETCB,

We would like to request a change of ID specified under 47 CFR 2.933 of the FCC rules for FCC ID: QDS-BRCM1078, the original grant was issued on November 6, 2013.

Please note the new FCC ID will be XA4-8600. This equipment is identical to the original equipment. The original test results continue to be representative and applicable to the equipment bearing the change in identification.

For your reference, I have attached the following:

- Sample of the ID label for the modular radio
- Change of Identification Authorization letter for FCC ID: QDS-BRCM1078
- External Photo of the Module

If you have any questions, please contact me for assistance.

Sincerely
