RE: FCC Class II Permissive Change for FCC ID: XA4-8600

Dear CETCB,

We would like to request a Class II permissive change for FCC ID: XA4-8600.

Major changes filed under this application are:

1. Add additional hosts, Models: 8621 and 8630, to the limited modular approval

The changes made do not affect RF parameters such as output power, frequencies and modulations supported.

If you have any questions, please contact me for assistance.

Sincerely

A handwritten signature in black ink, appearing to read "Roy Carr", written in a cursive style.
