FEDERAL COMMUNICATIONS COMMISSION

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

Dear Sir or Madam:

We, Shenzhen Xinguodu Technology Co.,Ltd., hereby authorize Bay Area Compliance Laboratories Corp.(Dongguan) to act as a laboratory for testing and test report generation for the following project(s):

(Product type or description: Wireless Docking Station, Model: D20, FCC ID:XDQD20-01)

The ESP32-C3 chip supports BLE and 2.4GWi-Fi, and the device uses BLE 1M&2M only. Other features of the device are disabled by the software and end users do not have the ability to activate it.

The chip MT7628NN only supports 2.4G Wi-Fi(2412-2462MHz, 802.11b/g/n ht20 modes, 2422-2452MHz, 802.11n ht40 mode), other functions have been disabled, and the end user has no ability to activate it.

Please contact me if there is need for any additional clarification or information.

Best Regards,

Sincerely, 

Printed Name: Huang Fenglan
