

WISARD-550 Hand to Antenna Distance Exhibit

Re: FCC ID: XE3-WISARD550

IC: 8347A-WISARD550

The WISARD-550 is a hand held data collector. It is normally held in the left or right hand of the operator as shown to the right and below.

The antenna is located inside the case. Its position is indicated by the two red arrows in the photographs above left and below. The antenna is located on a PCB that is secured flat against the case.

The antenna is located approximately 9 cm from the nearest finger as shown in the below photograph. The red paper in the photograph is 5 cm square.
