

## Request for Confidentiality

Date: 20-May, 2009

Attention:  
**Examiner**

**Subject: Request for Confidentiality**

To Whom It May Concern:

Request is hereby submitted by Dynatool Industries Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block Diagrams
- Detailed Operational/Functional Description
- Parts List

Short term confidentiality:

- Internal photos

Dynatool Industries has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Sergio Armano  
President  
Dynatool Industries
