## PcWee system and games requirement

13

### System requirement

a) OS:Windows XP/Vista	b) CPU:Above P4 2.4 GHZ (Suggest Inter Dual Processor)
c) MEMORY:Above 256M (Suggest above 512 M)	d) HARD DISK:Above 5GB (Suggest above 10GB)
e) GRAPHISC CARD: Above 32M(Suggest GPU above 128M )	

Note: Some games need higher requirement, please see the games minimum pc requirement. Related games pc requirement should be based on the official website.

### Games pc requirement

#### Virtua Tennis 3

- a) OS: Windows XP/Vista
- b) CPU: P41.6 GHZ
- c) MEN:512M,HD:4G
- d) DISPLAY CARD:128MB

#### The House of Dead III

- a) OS: Windows XP/Vista
- b) CPU: Pentium 1.5GHz
- c) MEM: 128M,HD:700M
- d) DISPLAY CARD:128MB

#### Need for Speed: MOST WANTED

- a) OS: Windows XP/Vista
- b) CPU: Intel P4 1.4GHz
- c) MEM:256M,HD:3G
- d) DISPLAY CARD128MB

#### Kung Fu Panda

- a) OS: Windows XP/Vista
- b) CPU:P4 2.0GHz
- c) MEM 512M, HD:6G
- d) DISPLAY CARD:128M

## Acquire the information

14

- License code “0” is number zero, not the English letter “O”.
- For more information, please read help page in the manual folder on the installation DVD.
- Please visit official web: [www.pcwee.com](http://www.pcwee.com) to get the latest version free.
- For more games information, please visit 3rd forum:  
<http://bbs.holibang.com>.

## FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
  - (1) This device may not cause harmful interference, and
  - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## Federal Communications Commission (FCC) Statement

This equipment has been tested. And it found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and uses and radiates radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

## Federal Communications Commission (FCC) Statement

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio /TV technician for help.

Warning: A shielded-type power cord is required in order to meet FCC emission limits and also to prevent interference to the nearby radio and television reception. It is essential that only the supplied power cord be used.
