

CHIN FAI ELECTRONICS COMPANY

Mode Confirmation Letter Dec.23 2009

We, CHIN FAI ELECTRONICS COMPANY declared that, our product (SILICON BLUETOOTH KEYBOARD) only use the GFSK modulation mode although the Bluetooth chip support EDR mode (Bluetooth 2.0 version) .

Please note that the mini USB is used for charging only.

Sincerely,

A handwritten signature in black ink, appearing to read 'Zanxiang Li'.

Zanxiang Li
