

Reference:

FCC ID: XJQMSLINK0003
IC: 8505A-MSLINK0003
M/N: Link Data Transceiver

This document is to clarify that channel 25 on the Link Data Transceiver is factory set to an output of 10dBm. This value cannot be changed once set.

A handwritten signature in black ink, appearing to read "Chris Townsend", written over a horizontal line.

Chris Townsend
