

Lable Location Info

FCC ID: XK5-SMF241

IC: 5158A-SMF241

The very limited space on the RF Module does not allow a proper labelling - therefore only the HVIN equivalent to a model number is placed together with a QR-Code on the RF shielding that includes the FCC ID: XK5-SMF241, IC: 5158A-SMF241 and PMN: SMF241. The lable size is 8.5 x 8.5 mm.

HVIN: SMF241-B301 (RF Module with Antenna PIN)

10.0 × 11.6 × 2.2 mm

HVIN: SMF241-B302 (RF Module with integrated metal sheet antenna)

10.0 × 15.0 × 3.8 mm

HVIN: SMF241-B306 (RF Module with integrated PCB trace antenna)

10.0 × 15.0 × 2.2 mm
