

Street Bike fans will flip over the Blue Hat Toy Company's JUMP CYCLE™ Radio Controlled Motorcycle. This wireless wonder flips 360 degrees at full speed—at the push of a button. The JUMP CYCLE™ delivers stunt and racing action unlike any other radio control vehicle. Side flip, right, left, forward, backward, even perform jumps without a ramp! Features include custom steel gears for lightning-fast racing, full-function radio control, and is available in 2 frequencies for head-to-head competition with family and friends.

SAFETY PRECAUTIONS

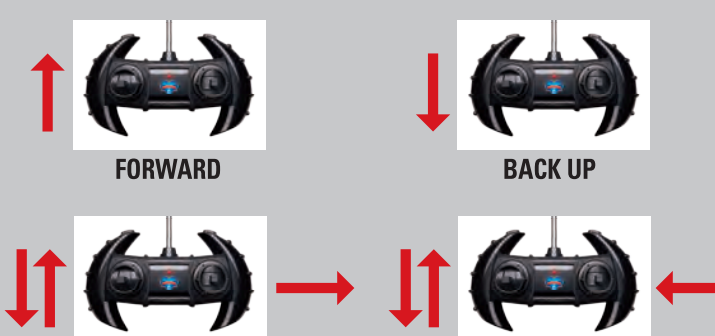

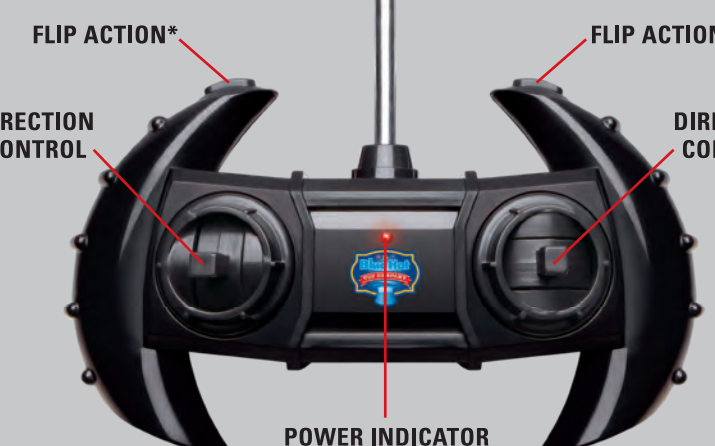

- Do not operate during thunderstorms or rain.
- Avoid water, sand and snow when operating motorcycle.
- Do not submerge motorcycle or controller in water.
- Never operate motorcycle on the street or highway.
- Adult supervision is recommended when operating this motorcycle.
- Remove all batteries when not in use to avoid accidental operation.
- Never operate motorcycle in a confined or crowded area, and do not use people or animals as obstacles.
- Do not run motorcycle into furniture, objects or hard surfaces, as this will cause damage to both the objects and the motorcycle.
- Keep fingers, hair and loose clothing away from the tires, gears and motor while the motorcycle is switched on "ON".
- Do not leave motorcycle or transmitter near sources of heat or under direct sunlight for long periods of time.
- Do not leave motorcycle or transmitter outside overnight. Dampness is harmful to interior components.

BATTERY INFORMATION

- Operation requires 8 "AAA" batteries (not included) for motorcycle, and one 9V battery (not included) for radio controller.
- Carefully remove them from package.
 - Locate the battery compartment on each item.
 - Loosen screws on the back of motorcycle to open the battery cover and insert batteries following the correct polarities.
 - Replace the battery compartment door.
 - Slide open the battery compartment door of the controller.
 - Insert the one 9V battery following the correct polarities.
 - Replace the battery compartment door.

KEEP THIS PACKAGING FOR REFERENCE AS IT CONTAINS IMPORTANT INFORMATION.

OPERATING INSTRUCTIONS

NOTE: Flip Action button(s) are operational only while the Forward control lever is pressed continuously.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
