

	Document number 10000175	Rev A	Sheet 1 of 3
PART SPECIFICATION	Title	EXTS3000 Product Label	
Confidential & Proprietary			

1. SCOPE

This document details the part specifications for the EXTS3000 product label.

2. REFERENCES

SOP-08 Purchasing and Receiving Inspection

3. REQUIREMENTS

3.1. Dimensions and Artwork

The dimensions of the label shall be as shown below. The Adobe Illustrator file to be used for manufacturing is attached as Attachment 1.

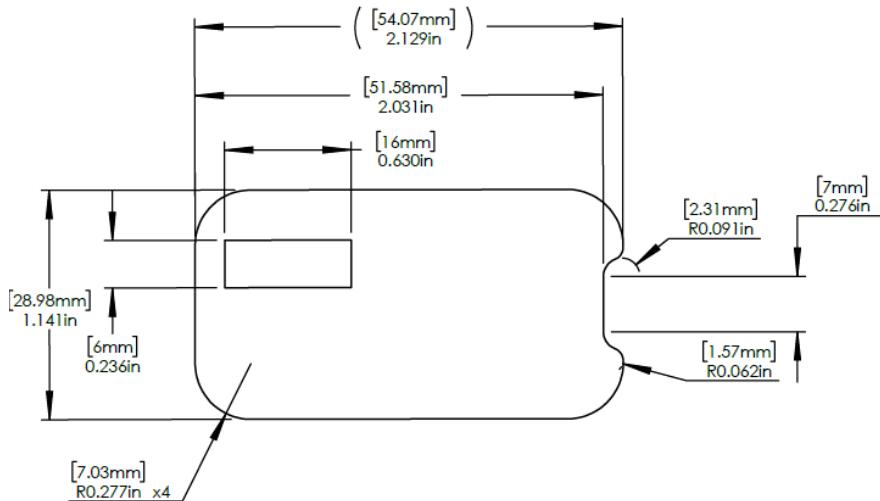

Figure 1: Dimensions of the Label and Transparent Window

The dimensional tolerances are as follows:

- Cutting tolerance = $\pm 0.127\text{mm}$ (0.005")
- Print to cut tolerance = $\pm 0.254\text{mm}$ (0.010")

Figure 2: EXTS3000 Product Label Artwork (For Reference)

3.2. Materials Specifications

Material	Polycarbonate Lexan 8010V (Thickness = 0.010") Satin finish
Adhesive	3M 9471 or equivalent (Thickness = 0.002")
Color	Background: Pantone Cool Gray 9C Text and symbols: White (native white background color of label material)
Texture	UV Fine Velvet Select Texture #00003 (everywhere but on the window area)
Window area	Transparent window area with dimensions shown in Figure 1 and Attachment 1

3.3. Visual Requirements

Label must be in good condition, not presenting any bends.

3.4. Packaging and Shipping

Shipping preparation shall be in accordance with the best industry practice to provide adequate protection against damage and contamination.

Labels shall be supplied pre-cut to the actual size for easy removal. The liner must cover the entire label including the transparent window area.

4. SUPPLIER QUALITY ASSURANCE PROVISIONS

4.1. Quality System

The supplier shall maintain a quality assurance program, such as any defined in ISO 9001 or ISO 13485.

4.2. Certificate of Conformance

A Certificate of Compliance shall be included with every shipped lot.
