Models: Ibex Pro and Ibex Lite
FCC ID: XMOIBEX
IC: 8512A-IBEX

The Ibex Pro and Ibex Lite contain the Murata LBWA18HEPZ WLAN radio and the National Semiconductor LMX9838 Bluetooth module. These radios do not transmit at the same time by the use of a lockout feature in the system firmware. The menu affected is Option//Misc. Firmware Rev 01.04.0012 or later.

Sincerely,

Dated this day 4th September, 2009
