

Statement

We, Quectel Wireless Solutions Co., Ltd., declare the following models as series application.

Name: LTE CAT1 bis Module

Model number: EG915Q-NA, EG915Q-NA MINIPCIE

Hardware Version: R1.0

EG915Q-NA and EG915Q-NA MINIPCIE are all LTE modules. They support the same frequency bands, use the same chipset and share the same software and hardware design. The main difference is on the carrier board. EG915Q-NA MINIPCIE makes up of EG915Q-NA module and PCIE transferred board. The transferred board switches EG915Q-NA module to follow PCI Express Mini Card 1.2 standard connector protocol. No any other internal changes in EG915Q-NA module.

We hereby state that two models are identical in interior structure and components, and just connector interface is different for the marketing requirement.

Your assistance on this matter is highly appreciated.

Sincerely,

Name: Jean Hu

Title: Certification Section Manager
