## Application to Class II Permissive Change

Company name: u-blox AG  
FCC ID: XPY MAYAW2A

This request is related to a Class II Permissive change that was approved on 10/02/2024, which covered a product version where our already certified MAYA-W271 module (FCC ID: XPY MAYAW2A) was assembled on a board with a M.2 Key E interface. This M2 card product is called M2-MAYAW271.

This permissive change request is to add an external antenna, part number 1461530050, from manufacturer Molex, to the existing certification of M2-MAYA-W271.

Yours Sincerely,

  
u-blox
