Ref: FCC modular approval letter

FCC ID:
XPYSARAG350

Title/model:
2.5G GSM/GPRS Data and Voice Wireless Module SARA-G310

To whom it may concern:

The following attestation addresses the fourth requirements to support modular approval:

- This device is designed for mobile or fixed operation; portable operation is subject to a Class 2 permissive change application or to a new and separate FCC ID.
- The maximum antenna gain is limited to 8.39 dBi for the GSM 850 frequency band and 3.11 dBi for PCS 1900 frequency band, as calculated in the RF exposure exhibit.
- The product has a FCC ID label on the device itself. Also, the OEM host end product manufacturer will be informed to display a label referring to the enclosed module. The exterior label will read as follows: "Contains Transmitter Module FCC ID: XPYSARAG350" or "Contains FCC ID: XPYSARAG350".
- We request to include in the grant the following words in the device description or grant notes: "modular transmitter" or "transmitter module".

If there are any additional questions or if further information is needed, please contact us.

Sincerely,

By: Giulio Comar
