

EUT Modification Letter

We hereby declare that the product will have all of the modifications incorporated into the product when manufactured and placed on the market.

Product Name: FaceID (Time attendance and access control terminal)

Model Name: FXXX Series, include: F110, F210, F310, F410, F100, F200, F300, F400.

The Modifications listed as below:

- (1) R41, R49, R11 change to 300 ohm, R16 change to 600 ohm, RN12 change to 600 ohm.
- (2) J13 cable and screen cable shield grounding. Add conductive cloth on the screen shell.
- (3) Add 103P capacitance to power cord, Add 102P capacitance to speaker and GND.
- (4) Conductive paint spraying on shell.
- (5) Add conductive cloth and foam on the USB port, and connect grounding.
- (6) Main board connects grounding with shell.
