

**Statement regarding the User Manual for the  
EmFinders EmSeeQ200 (FCC ID: XQQ01)  
Emergency Locating Device**

EmFinders inadvertently omitted in the initial printing of the User Manual (Welcome Guide), the portion of the standard FCC notice related to advice on self-help in the event of harmful interference. All subsequent printings will include the full text, as does the current on-line version, a copy of which is included with the submission.

It is EmFinders' intent to submit the User Manual (Welcome Guide) in its current state; the revised User Manual will be printed and shipped with the product as soon as the stock of current Manuals is exhausted.

Christopher D. Buehler
