#### Tips for Usage

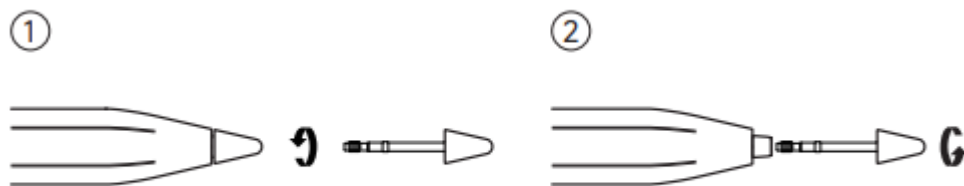

During use, the tip of the BOOX InkSpire stylus will gradually wear out. Replace the tip as needed to prevent damage to the tablet screen. The active stylus is not impact-resistant, so avoid dropping it from heights.

#### Replacing the Stylus Tip

To remove the stylus tip, pinch the tip with your fingers and gently rotate it counterclockwise, as shown in Figure ①.

To install a new tip, pinch the tip of the new stylus, insert the tail end vertically into the barrel, and then gently rotate it clockwise, as shown in Figure ②, until it is securely tightened.
