---

Hi , Daphne ,

Please address following issues directly.

Q#1: Per 2006 Oct. TCB workshop material, the Grantee of the part 15 gateway-product is responsible to

ensure compliance with FCC rules for intended and expected end-use co-located multi-transmitter product. Can the 3G dongle transmit with the 802.11bgn router? If applicable, please address the co-location issue.

Ans: Due to the customer does not sell this 3G dongle and do not transmit with the EUT, therefore the co-location is not applicable.

Test Regards,  
Lucy Tsai/UL CCS
