

14 CONFORMITY NOTICE

FCC NOTICE

This equipment has been tested and found to comply with the limits for a Class B Digital Device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

15 TERMS & CONDITIONS OF LIMITED WARRANTY

The Velo control unit comes with a 1-year limited warranty from date of purchase. Accessories which are included have a limited warranty of 90 days. Please retain the sales receipt as proof of purchase when making warranty claims.

This limited warranty by Xtreme DSP Global Pre Ltd the "Company" warrants the Velo unit against defects in material and workmanship under normal use. The Company at its sole discretion, will repair, replace or refund the purchase price of the product to the original purchaser during the warranty period provided the product has not been damaged or tampered with, and returned in accordance with the terms of this warranty to an authorized VERTIX Service Center or Agent. This warranty excludes specifically all shipping costs and taxes. Repair will be at the Company's option and may include the replacement of parts, boards or batteries with functionally equivalent reconditioned or new parts. This limited warranty is solely for the benefit of the original purchaser and is not assignable or transferable to others. This is the complete warranty for your Velo unit. The Company assumes no obligation or liability for additions or modifications to this warranty unless made in writing and approved by an authorized officer of the Company.

This warranty is void if:

- The Velo unit has been opened or attempted to be opened by non-authorized parties or personnel
- The Velo unit is damaged as a result of attachment or attempted attachment with accessories not provided or approved for use with Velo
- This warranty does not cover:
 - Defects or damage from misuse, accident or neglect
 - Defects caused by improper operation, maintenance, installation, adjustment or modifications of any kind
 - Defects or damage due to exposure to excessive temperatures and adverse weather conditions where riding is not possible, external impacts or exposure to corrosive liquids, vapours or substances
 - Cosmetics of the product, accessories and parts which are scratched or damaged after purchase

WARRANTY SERVICE

Your product must be registered online within 14 days from date of purchase: vertixglobal.com. For services, please present the product, together with sales receipt at any authorized VERTIX Service Center or at the store from which you have purchased the product. Online registration is required with verifiable mandatory information for warranty claim verification. For online purchases, please write to support@vertixglobal.com with subject "Warranty Claim" to obtain a Return Merchandise Authorization Code and procedures before sending the item. Items without a Return Merchandise Authorization Code will not be accepted and Vertix will not be responsible for lost items.

GENERAL PROVISIONS

- This warranty is given in lieu of all express or implied warranties, including without limitation, implied warranties of merchantability and fitness for a particular purpose. The Company's obligations under this section are limited to the duration of this limited warranty.
- Certain limited-life components that are subject to normal wear and tear, such as decorative finishes, batteries, fittings or other accessories, are exempt from any warranty.
- The Company is not liable for any incidental or consequential damages arising from the use or misuse of any of the Company's products.
- The user should never attempt to perform service, adjustments or repairs of Velo. Doing so will void all warranties. During the term of warranty, all products must be returned to the point of purchase or authorized VERTIX Service Center for all necessary work at the purchaser's cost.
- The Company is not responsible for any loss or damage incurred during shipping. All repair work on VERTIX products by parties not explicitly authorized by the Company will void any and all warranties.
- Information in this manual is furnished strictly for informational purposes, and is subject to change without notice. The Company assumes no liability or responsibility for any errors or inaccuracies that may appear in this manual. The Company retains the right to amend and change its products, manual and specifications at any time without notice.

WAIVER & GENERAL RELEASE

By using Velo, you will waive substantial legal rights including the right to sue. Please read the following carefully before using the device. If you do not accept the terms of this agreement, you should immediately return the product for a full refund. By using Velo, you agree to be bound to this agreement and forfeit the right to sue. Using a communication device while riding a bicycle, e-bike, segway, motorcycle, scooter, quad bike, moped, ATV or any other vehicle, whether on land, water or air (jointly referred to as "Vehicle") requires your complete and undivided attention. The Company, including its Officers, Directors, Affiliates, Parent Company, Representatives, Agents, Contractors, Sponsors, Employees, Suppliers, Distributors and Resellers (jointly referred to as the "Company") strongly advises you to take all necessary precautions, and remain alert to the traffic, weather and road conditions if you choose to use Velo, including all derivative products or models irrespective of its commercial name or branding (the "Device"), and stop your Vehicle on the roadside prior to operating the device. Any publications, advertisements, announcements or similar notices that refer to using the Device while riding a vehicle are solely intended to address its technical capabilities and should not be misinterpreted as encouraging users to operate the Device while actively involved in operating the Vehicle in traffic, on public or private roads, racing tracks, beaches, mountains, etc. By way of purchasing the Device and not returning for a full refund (see below), you are implicitly releasing, indemnifying from any liability, loss, claim and expense (including attorneys fees) and holding the Company harmless for any bodily injuries, harm or death, as well as losses or damages in goods or services to any property or to any property or to any property or to any property or to any property, of which may result from using the Device under any circumstances or conditions and irrespective of jurisdiction. The Company will not be responsible for any physical damages, irrespective of reasons, conditions or circumstances, including malfunction of the Device, and all risks associated with operating it not solely and entirely with the user of this Device, irrespective of whether the Device is used by the original purchaser or any third party. Xtreme DSP Global Pre Ltd the "Company" hereby notifies you that using this Device may also be in contravention to local, federal, state or national laws or regulations and that any use of the Device is entirely at your sole risk and responsibility.

8 PAIRING WITH SMARTPHONE

- Power ON by holding **Power** button until red and blue lights flash alternately and 'Pairing' is heard.
- Pairing can be done for up to 2 smartphones.
- To set a smartphone as **Priority**:
 - Press **Power** button again
 - LED lights should flash 'Red Red Blue Blue' continuously
- To proceed with **Normal** pairing:
 - LED lights should flash Red and Blue alternately
- Activate **Bluetooth®** on your smartphone and select "VERTIX Velo"
- Enter default code '0000' if prompted

9 PAIRING WITH REMOTE CONTROL

Install battery before using. Remote control is pre-paired with Velo.

If you need to pair again:

- Power ON. Press both **VOL +** and **VOL -** on the Velo and release. The blue LED lights up.
- On the Remote Control, press **VOL +** button once and then press and **HOLD VOL +** until the red light on the Velo flashes, which indicates a successful pairing.
- Pairing only needs to be done once

Note : Should you encounter the unlikely event of interference from another Velo remote control, pair again. A new security code will be applied whenever you pair.

10 PAIRING FOR INTERCOM

Pairing is only required once if you ride with the same person or group. Should you ride adhoc with other Velo users, repeat the simple pairing procedure detailed below.

➤ PAIRING BETWEEN 2 DEVICES

- (a) Power ON your Velos
 - (b) ALWAYS clear previous pairing data by holding down A and B buttons together until the Red light flashes.
 - (c) Pairing between Velo devices is always from "A" on one device to "B" on the other, for up to 4 devices.
- Always pair 2 sets at a time, keep away from other sets which are also pairing to avoid unsuccessful or difficult pairing situations. Repeat steps (a) to (c) if pairing was unsuccessful.

➤ PAIRING OF 3rd DEVICE

- (d) Press and hold button A (Velo 2), until Red and Blue lights flash alternately.
- (e) Press and hold button B (Velo 3), until Red and Blue lights flash alternately.

- (f) Press button A of Velo 2 once. Only Blue light of Velo 2 flashes. When the Blue light of Velo 3 also flashes, the pairing is successful. Both Velos revert to flashing Red light upon successful pairing.

Repeat steps (d) to (f) if pairing was unsuccessful.

➤ PAIRING OF 4th DEVICE

- (g) Press and hold button A (Velo 3), until Red and Blue lights flash alternately.
- (h) Press and hold button B (Velo 4), until Red and Blue lights flash alternately.
- (i) Press button A of Velo 3 once. Only Blue light of Velo 3 flashes.

When the Blue light of Velo 4 also flashes, the pairing is successful. Both Velos revert to flashing Red light upon successful pairing. Repeat steps (g) to (i) if pairing was unsuccessful.

IMPORTANT :

When pairing the sets, keep them away from sets nearby which are also pairing. This may result in unsuccessful or difficult pairing.

12 INSTALLATION : CONTROL UNIT

- 1 Select & paste suitable paddings for your helmet type onto rear of mounting base plate.

- 2 Hold mounting base plate with VERTIX logo upwards, and press it firmly on the preferred mounting location behind the helmet.

- 3 Slip the buckle into a suitable air vent which is not too close to the mounting base plate.

- 4 Adjust buckle so that it does not slip through the air vent. Repeat for the other side.

- 5 Tighten the mounting by pulling the straps.

- 6 Align the two catches of Velo to the mounting plate and push forward to lock with the top catch. To release the unit, press your thumb on the unit and pull the catch towards you.

13 INSTALLATION : REMOTE CONTROL

- 1 Attach the adhesive padding on the underside of the base plate.

- 2 Mount the base plate to the handlebar with the cable ties provided.

- 3 Slot the remote control onto the base plate.

11 USING THE INTERCOM

INTERCOM INDICATORS

- Single Blue light flash : Connected with 1 other device
- Double Blue light flash : Connected with two other devices

COMMUNICATING VIA INTERCOM

PRIVATE INTERCOM

Private Intercom can only be carried out within the teams (Team A or Team B), and between the 2 forming the Connecting Bridge.

Terminating Intercom

For example:
Terminating intercom between Velo 2 and Velo 3 : Press button A twice on Velo 2. Intercom with Velo 3 is terminated.

GROUP INTERCOM

When intercom links have been established between the devices, riders can talk to each other anytime without the need to press any button, as long as they are within individual range of up to 350m, and total range of up to 1km for 4 riders, between Velo 1 and Velo 4

Velo 2 and Velo 3 are connected to two devices each, making them the connecting bridge between Velo 1 and Velo 4 in the group intercom.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
