## How to charge & set up Escape C

- The battery must be fully charged before using for the first time.
- When charging, the red LED charging indicator will turn on.
- The red LED charging indicator (pictured) can only be seen when viewed at an angle.
- Charging can take up to 2 hours.
- When fully charged, the red LED charging indicator will turn off.
- Disconnect the charger from Escape C and from the power source.

## How to pair Escape C to your Phone

- Use your earphones so that you can hear the alert sound that Escape C makes.
- First ensure that Escape C is turned off by pressing and holding the power key for 3 seconds (there will be no blue LED power indicator lit when Escape C is off).
- Press and hold the power key until the red and blue LED indicators flash and you hear 2 beeps. Escape C is now in discoverable mode.
- Turn on your Bluetooth wireless technology enabled device and ask it to search for devices.
- When your Bluetooth wireless technology enabled device has found Escape C, confirm by selecting KISAI ESCAPE from the list.
- If asked to enter a pass-code, enter 0000 when prompted.
- If pairing was successful the LED indicator flashes red and blue quickly to indicate standby mode.
- Escape C is now ready to make or receive calls or listen to music.
- If pairing was unsuccessful, repeat the above steps. You only need to pair Escape C once.

## How to use Escape C to communicate (Headset Profile)

- To answer a call, press the answer key on Escape C or on your phone.
- To end a call, press the end call key on Escape C or on your phone.
- To reject a call, press the end call key on Escape C or on your phone once.
- To make a call, dial the number from your phone, press the call key on your phone and the call will be transferred to Escape C.
- To redial the last number called, press and hold the answer key for at least 2 seconds whilst in standby mode.
- Press the volume up key to increase the volume down key to decrease the volume.
- Certain function keys may not be supported or may be limited by some devices.
