Product name: Talk of the Farm

Model:48M

FCC ID: XX3-48M

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules.
These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

--Reorient or relocate the receiving antenna.
--Increase the separation between the equipment and receiver.

--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

--Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1.) This device may not cause harmful interference.
- 2.) This device must accept any interference received, including interference that may cause undesired operation.

Back side

CAUTION:

- Insert batteries with correct polarity as shown.
- Remove exhausted batteries from the toy.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not charge non-rechargeable batteries.
- Rechargeable batteries are to be charged under adult supervision only.
- Do not mix old and new batteries.
- Do not mix standard (carbon-zinc), alkaline, or Rechargeable batteries.
- Do not short circuit supply terminals.
- Remove batteries from product before extended storage.

Dispose batteries according to local, state or federal laws.

3 AA/LR6 batteries required
