Dear FCC,

This letter is confirmation that Freedom FCC ID: XYALOK8UFRWATCH device has a very low duty cycle and confirms that the source-based time-averaged conducted output is less than 60/f (GHz), thus proving that it can be excluded from the SARS testing.

Best Regards

A handwritten signature in black ink, appearing to read "Steven Salmon". It is written in a cursive, flowing style and is positioned above a solid horizontal line.

Steven Salmon
