## Limited Module Approval Request Letter

Subject: Limited Module Approval

FCC ID: **XZRBRD01288**

We, **Global Display Solutions Spa** would request **FCC ID: XZRBRD01288** approved under limited module approval authorization.

The requirements regulated in 15.212 have been fulfilled and clearly explained below, according to DA 00-1407.

1. Own RF Shielding  
Not complied, but subject to limited modular approval.  
Global Display Solutions spa can demonstrate that it will retain control over the final installation of the device, such that compliance of the end product is assured. In such a case, an operating condition on the grant of equipment authorization for the module would state that the module is only approved for use when installed in devices produced by a specific manufacturer.  
Integration of this radio module into final host devices will be performed by the Grantee himself or dedicated OEM integrators to assure always compliance of the final end-product with the FCC Regulations.
2. Buffered Modulation inputs  
Complied, see schematics diagrams
3. Own power supply regulation  
Not Complied, the module receive the voltage regulated from final host devices, see schematic diagram
4. Antenna requirements  
Complied, integrated antenna
5. Test in stand-alone configuration  
Complied, see test report for details. Cable lengths typical to actual use.

Cap. Soc. € 10.000.000 i.v. - Cod. Fisc. e Partita IVA 02940180249 - Cod. Id. CEE IT02940180249  
R.E.A. 286062/Vicenza - Registro R.A.E.E. n. IT08020000001330 - Reg. Impr. VI n° 02940180249 - N. Mecc. VI051297  
Società soggetta alla direzione e al coordinamento da parte di GDS Holding S.r.l.

6. Own FCC ID  
Complied, the exterior label will be "**Contains FCC ID XZRBRD01288**"
7. The Modular Transmitter must comply with any specific rule and the manufacturer must provide adequate instructions  
The module is compliant with the appropriate FCC regulations as documented in the test report
8. RF Exposure requirements  
Not applicable, the module subject to section 15.225 of the FCC rules is exempted from the RF Exposure requirements.

Sincerely,
