Declaration

To Whom It May Concern,

We, Dfine Technology Co., Ltd., hereby declare that our WHDI WIRELESS TRANSMITTER MODULE, with FCC ID: Y48DHMDZ-D1AT (For Tx) and Y48JDHMDZ-D1AR(For Rx), the product can operate in three bands: such as 5250-5350 MHz; 5470-5725MHz; 5725-5825 MHz, but we have already shielding DFS function for the certification this time, so the EUT can only operate in two channels (i.e. 5755, 5795 MHz) in 5725-5825 MHz band, all the users can not do any change for the product.

Please contact me if you have any question.
