

MOMENTUM BLUETOOTH SPEAKER

Manual

Specification:

Bluetooth version:ISSC 3.0+EDR

Transmission distance:up to 10 meters

Output power:3W*2

Horn size:2*1.5"4 ohm inner magnetic horn

Frequency response:80Hz-19KHz

Input sensitivity:800mv 1 KHZ

Signal noise ratio:≥85dB

Degree of distortion:≤0.6% PO=2W

Input voltage:DC5V 200-500mA

Rechargeable battery :polymer lithium battery 3.7V500mAh

Chargeing time :about 2-3 hours

Playing time: about 3-4 hours

Function Instruction

1. Volume-/Next, press&hold for Volume-, quick press for Next
2. Play/Pause&Call function, press&hold for Bluetooth ON/OFF
3. Volume+/Previous, press&hold for Volume+, quick press for Previous
4. AUX IN
5. MICRO USB
6. Power switch : ON/OFF

Operation Instruction

1. Turn on ON/OFF to ON to start work
2. Press and hold Play/Pause for 5seconds, the blue LED light start to blink continously, and the Bluetooth function is available for device pairing
3. Turn on the bluetooth function on mobilephone and search for the device
4. When you find the pairing name"O818"on your mobile phone, please connect with it by enter the"0000"if password is required
5. You can start to play music once the pairing is done

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body
