Description Of Parts

1.Turing the Bluetooth ON

Press and hold "MFB" button for 3 seconds, the screen will display Bluetooth icon and flashing, with a beep sound, it is indicating that the device has been switched ON, and ready to pairing.

2.Turing the Bluetooth OFF

Press and hold "MFB" button for 3 seconds, the Bluetooth icon will disappear on the screen with a beep sound, the device would turn OFF.

3.Pairing the Bluetooth watch with a Bluetooth enabled device.

Long press "MFB" button for 3 seconds, the Bluetooth icon will display and flashing, the device is now in pairing mode. Activate the Bluetooth function on your Bluetooth device (Mobile phone or Tablet). Please refer to manufacturer's instructions for instructions on enabling Bluetooth on your device.

Once you have activated Bluetooth on your device, select the device name "Proscan" from the list of available Bluetooth devices. If required, enter the password "0000" to confirm to finalize pairing. The Bluetooth icon would light up on the screen and don't flashing, it is indicating successful connection.

When you connect this Bluetooth watch with your smart phone, the screen will display "Sync Phonebook", press "MFB" means NO, press "MODE" means YES.

If you sync your phonebook on the Bluetooth watch, when you check your call logs on the Bluetooth watch, you can see the Caller-ID is the same with your phonebook in your smart phone.

4.Play Music wirelessly on Bluetooth Watch

Once your Bluetooth enabled device (For example iPhone or Android Smart phone) is paired with this Bluetooth watch, play music from your phone and it would stream music wirelessly

through the Bluetooth watch speakers. Press "S1" once to volume up, long press to the Next Track; Press "S2" once to volume down, long press to the Previous Track..

5.Answering a call
OLED screen would show Caller-ID when you get incoming phone call. Press the "MODE" button once to answer the call, and the screen will display "Calling" indicating that you are now on a Call. During the phone conversation, press "MODE" button to switch between Phone or Bluetooth watch to talk. Press "S1" once to volume up, Press "S2" once to volume down.
Remark: The Bluetooth watch will show Caller-ID which phone books store in your phone, but it will only show incoming call number without caller-ID if you store it in your SIM card, not on your phone.

6.Ending a call
Press the "MFB" button once when you finish your phone conversation, and you have now ended your phone call.

7.Rejecting a call
When you get an incoming phone call, press the "MFB" button once to reject the incoming phone call.

8.Check the call logs
Press "MODE" button, you can see all the call records, Press "S1" is the next phone call record, Press "S2" for the previous phone call record. Choose the phone number you want to redial, and press "MODE" to dial the CALL, Press "MFB" to Back to the Time display.

9.Setting Mode
Press the "MODE" button and hold for 3 seconds, the screen will display setting list as below:

Set Timer
Set Alarm
Language
Press "S1" or "S2" to choose the above 3 menus which one you want to setting.

(1) Set Timer
Choose "Set Timer" and press "MODE" to input the Year-Month-Date- Hour-Minute, and press "MFB" to exit the time setting mode.
(2) Set Alarm
Choose "Set Alarm" and press "MODE" to input the Hour-Minute, choose "Alarm on", the Alarm icon will on the display. Choose "Alarm off", the Alarm icon will disappear on the display.
When the time is up, you can hear "DUDUDU" alarm ringing, and press any button to stop the ringing.
(3) Language
Choose "Language" to switch between "Simplified Chinese" and "English".

10.Charging the watch
The USB charging port is on the left side of the Bluetooth watch, insert the Micro USB plug here and other end of the USB port to any USB charging port (Computer or USB AC charging socket/DC 5V). It may take up to 2 or 3 hours for a full charge.
